

## **MBH Mortgage Bank Co. Plc. published its Sustainability Report for 2022**

MBH Mortgage Bank Co Plc. informs its Esteemed Investors that it published its Sustainability Report for 2022 in accordance with the Global Reporting Initiative (GRI) on August 15, 2023. MBH MB affirmed its commitments in accordance with its ESG strategy and took further steps to reach its sustainability goals. In line with the above it increased the share of green financing and improved the methodology for measuring greenhouse gas emission. MBH MB was successful in reducing electricity-, and natural gas consumption. MBH MB also supported digitalization process and the property market with its research activity, using property- and agricultural land indices and the development of automatized property valuation model (AVM) during 2022.
